Dear Colleagues,

It is with great pleasure that we invite you to the **3<sup>rd</sup> Annual Meeting of the Middle East Pediatric Orthopaedic Society (MEPOS)** which will be held in Dubai on **20 – 22 October 2016**.

The Pediatric Orthopaedic Conference which started out in its original form 5 years ago has grown to become the most visited Middle East conference for Pediatric Orthopaedics. Last year's meeting was attended by more than 170 leading Orthopaedic Specialists from more than 25 countries and featured 3 days of interesting presentations, case discussions, workshops and seminars. This year's conference promises to be even larger, with diverse and international speakers from international and national centers of excellence.

This year's meeting will focus around gaining a better understanding of the diagnosis, treatment and management of limb deformities to the upper and lower extremities as well as an in-depth coverage of pediatric hip conditions and sports related injuries. We have also arranged for a series of interesting pre-conference courses which also includes a full day physiotherapy workshop focusing on pediatric orthopaedics.

I would like to welcome all Orthopaedic Surgeons, interested Pediatricians and Physiotherapists to participate and contribute actively to the discussions and debates at the **3<sup>rd</sup> MEPOS Annual Meeting 2016**. I look forward to welcoming you to one of the most exciting events in Pediatric Orthopaedics in the region.

Kind Regards,

**Dr. Marc F. Sinclair**  
Chairman  
MEPOS Annual Meeting  
Acting General Secretary  
MEPOS

## Conference Objectives

- To stay updated on the advanced surgical techniques in pediatric orthopaedics
- To discuss different pathologies prevalent in the Middle East with an international audience and review current surgical techniques used around the world
- To create a platform where pediatric orthopaedic surgeons in the region can discuss their complicated cases and share evidence based treatment experience, ensuring better outcomes for their patients
- To encourage doctors in the region to present their research papers, clinical results and participate in scientific debates

## Who Should Attend?

- Orthopaedic Surgeons, Consultants and Specialists
- Sports Medicine Specialists
- Orthopaedic Nurses
- Physiotherapists
- Students / Interns / Trainees
- Other Physicians / Consultants and Specialists interested in Pediatric Orthopaedics

## Call for Papers

The scientific committee announces the call for papers. For more details and to submit your abstract online please visit **www.posc-me.com**

## Sponsorship and Exhibition Opportunities

The 3<sup>rd</sup> MEPOS Annual Meeting 2016 will feature an exclusive exhibition showcasing the latest innovations in pediatric orthopaedics. Partnering and exhibiting at MEPOS Annual Meeting will provide your company with a unique platform to present your products and services to senior decision-makers most relevant to the pediatric orthopaedic sector.

For more information on the sponsorship and exhibition packages please contact **Dishan Isaac** on **+971 50 45 01 743** or email: **dishan.isaac@uae.messefrankfurt.com**
